Study and Revision Schedule:

- **Revision Sessions:** Dedicated revision of all topics will take place during the **first two weeks of April**. These sessions will be conducted **online** to provide flexibility and support during Ramadan.
- **Mock Examinations:** Upon resumption of in-person classes, mock theory exams are scheduled from **14th to 30th April 2025**. Practical's will happen in the month of March. These assessments will simulate the actual exam environment, allowing students to gauge their readiness and identify areas for improvement.

We recognize that the pace of study may be more measured during Ramadan due to fasting and other observances. Our plan accounts for this by incorporating structured revision during the spring holidays, ensuring ample practice through past papers, and conducting mock exams to build confidence and competence ahead of the final examinations commencing in May.

Your support is invaluable during this period. Encouraging consistent study habits and participation in the scheduled activities will greatly benefit your child's preparation.

Thank you for your cooperation.
